The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner;

(3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Abstract:* This is a request for an extension of the emergency clearance that was granted on this collection for the Data Challenges and Appeals Solution (DCAS), a new system that will allow institutions to challenge their self-reported data as well as Department calculated metrics. The system will ultimately provide for the receipt, processing, data storage and archiving of data challenges received from institutions for challenges of Gainful Employment (GE) metrics, Cohort Default Rates (institutional and programmatic), and Disclosure Rates and Metrics. This request is for the first phase of DCAS, the institutional challenge to the GE completers list provided to institutions by the Department of Education. The other aspects of DCAS will be made functional and available to institutions in stages, to allow for full development and testing, through subsequent system releases.
